

# Annual Report

2021

DAMIEN  
CENTER

# REFLECTING ON 2021

Dear Friends:

2021 was a year marked by uncertainty and instability. COVID-19 continued to rage through our community and throughout the nation, further destabilizing the economy and weakening the already tenuous grasp many folks held on their livelihoods. **The barriers our clients faced were higher than ever, and yet our team continued to provide quality, equitable, and inclusive care.** We even expanded our client base through new programs and services, ensuring that more people had the chance to not only live with dignity but thrive and prosper as well.

In the past twelve months, **we have introduced new services for critical populations and unique needs.** We integrated a Damien Pharmacy at our main headquarters and began expanding pharmacy, testing, and prevention services in a satellite location at the Community Alliance of the Far Eastside (CAFE). To stem rates of HIV and Hep C infection in specific populations facing higher risks, we created the HOLA program for outreach and prevention in the Latinx community as well as a Harm Reduction and Safe Syringe Program minimizing risks associated with substance use.

In addition to implementing new services, **we have continued to enhance and refine our current service suite to better the experience of our clients.** Whether that be through improving our Care Team structure, offering a host of support groups, or strengthening our telemedicine options, we've demonstrated that we prioritize a fluid, comprehensive, and enriching experience for our clients.

**Thank you from the bottom of our hearts** for taking the time to read through this report, and for all the support you provide our organization. We'd like to take an in-depth look at some of our highlights from the past year, and share with you the successes we've achieved, as well as give you a preview of what's to come.

Fondest regards,

**Bill Pritt** (he/him/his)  
Board Chairman

**Alan Witchey** (he/him/his)  
President/CEO

# NOT JUST A ONE STOP SHOP

## WE ARE A FAMILY

Michelle Harris is a long-term HIV survivor with great style and an infectious laugh.

She believes that at Damien Center, not only can people access the services they need, but they can receive what they need with love, care, and respect.

*"All the staff are available to speak with when you need them. Even if you don't know who to speak with, they can get you to the right person."*

*"I love my Damien family! I love them so much I moved across the street."*

Michelle truly has become part of the Damien family: she can rely on Damien Center, and Damien can rely on her as a volunteer and community advocate.

*"Having HIV saved my life. I started battling as hard as I could for everyone who has an injustice against them. And the Damien Center stands with me, stands beside me, helps to hold me up, helps to let me know that I'm not doing this alone or in vain."*

And she is not alone in feeling passionate about the work.

*"I like the fact that the people that work here love what they do, and they will tell you they love what they do."*

*"Every time I enter the door, I have a smile on my face. I like being here, and I like helping people."*

# COMMUNITY FOCUS

## OUR SERVICES

Utilizing the one stop-shop model of care, **Damien Center acts as a hub for clients' needs.** From HIV care to housing to mental health, we provide our clients the fundamental necessities for living a sustainable and secure life.

The HIV epidemic does not exist in a vacuum; a myriad of complex and intersecting social factors contribute to its spread. Along with the stigma, many people living with HIV are housing insecure, food insecure, unemployed, or living below the Federal Poverty Line. More than half of our clients are people of color and many identify as members of the LGBTQ+ community.

All of these groups face microaggressions in healthcare and other systems that devalue their health and well-being and dissuade them from seeking care. Factoring in ongoing pressures related to COVID-19, our clients experience high barriers to care and immense physical and mental stress and trauma.

# COMMUNITY IMPACT

## OUR CLIENTS

### VIRAL SUPPRESSION

*88% of our medical patients achieved an undetectable viral load compared to the Central Indiana average of 65%.*

### CLIENTS SERVED

*Through all of our programs, we served **5,771 clients** in 2021.*

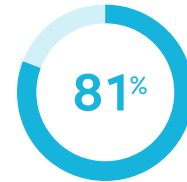

### CLIENT SATISFACTION

*We have a **client satisfaction rate of 95%**, which has remained constant over the years.*

### COUNTIES SERVED

*We served **73 counties in Indiana**, expanding from 52 in 2020*

### RETAINED IN CARE

*Our clients had a **retention rate of 81%** compared to the Central Indiana average of 53.7%.*

### VULNERABLE CLIENTS SERVED

***92%** of our clients meet **ALICE criteria**  
(Asset Limited, Income Constrained, Employed)*

## STRUCTURAL & STRATEGIC GROWTH

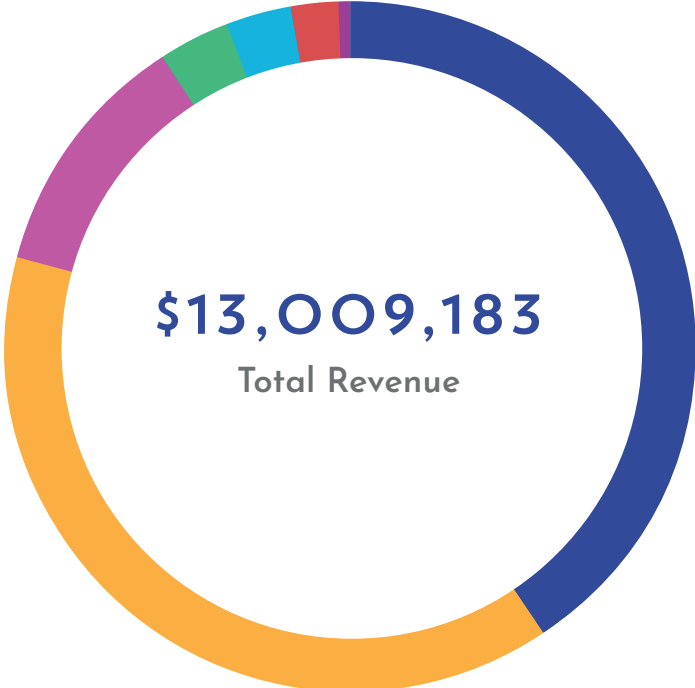

In 2021, Damien Center completed its 2019–2021 strategic plan. The outcomes from this 3-year period accomplished our goals, including:

- Staffing more than doubled
- Staff satisfaction reached an all-time high
- Staff and clients felt safer than ever
- Clients reported high levels of satisfaction
- Board participation continued to climb
- Donors are engaged and supportive

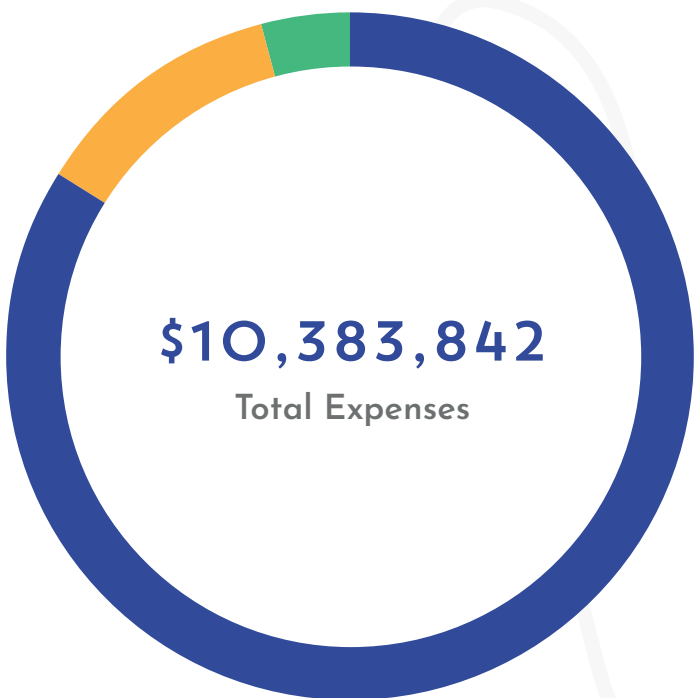

As we closed the book on our previous Strategic Plan, team Damien began looking forward towards new and exciting opportunities. In 2021, as we embarked on a new strategic planning process, we got feedback from more than 250 staff, clients, volunteers, board members, and community partners. They helped us identify the most current needs of our community and address how we can best meet those needs.

We partnered with Hedges and Associates, LLC to help us revise our mission, vision, and values, and used the data we'd collected to create a strategic plan which will strengthen our existing structure, while also positioning us to broaden our services across Indiana.
